This summer the Private Industry Council of Westmoreland/Fayette, Inc. (PIC), in partnership with The Sprout Fund, The Monessen Salvation Army, the Monessen Family Center, and the American Medical Community Foundation, Inc.(AMCF), invited local Monessen youth to become involved with the PIC Monessen Community Garden Project at the Giant Pumpkin Patch. As a culminating event the PIC, the Monessen Salvation Army and the AMCF, Inc. will be hosting the Giant Pumpkin Patch Farmers' Market. The goal of the Giant Pumpkin Patch Farmers' Market is to encourage the exchange of locally grown produce as well as to provide the community with information about community resources.

**The PIC Youth Staff cordially invites local farmers, home gardeners,
craftspeople and agencies to participate in this event!**
